DEFINITIONS

<u>PREMIUMS</u>: Premiums are the payments you make in exchange for an insurance policy or annuity contract. They are unlike deposits in a savings or investment program, because if you drop the policy or contract, you might get back less than you paid in.

<u>CASH SURRENDER VALUE</u>: This is the amount of money you can get in cash if you surrender your life insurance policy or annuity. If there is a policy loan, the cash surrender value is the difference between the cash value printed in the policy and loan value. Not all policies have cash surrender values.

<u>LAPSE:</u> A life insurance policy may lapse when you do not pay the premiums within the grace period. If your policy had a cash surrender value, the insurer might change your policy to as much extended term insurance or paid-up insurance as the cash surrender value will buy. Sometimes the policy lets the insurer borrow from the cash surrender value to pay the premiums.

<u>SURRENDER</u>: You surrender a life insurance policy when you either let it lapse or tell the company you want to drop it. Whenever a policy has a cash surrender value, you can receive such value in cash if you return the policy to the company with a written request. Most insurers will also let you exchange the cash value of the policy for paid-up or extended term insurance.

<u>CONVERT TO PAID-UP INSURANCE</u>: This means you use your cash surrender value to change your insurance to a paid-up policy with the same insurer. The death benefit generally will be lower than under the old policy, but you will not have to pay any more premiums.

<u>PLACE ON EXTENDED TERM</u>: This means you use your cash surrender value to change your insurance to term insurance with the same insurer. In this case, the net death benefit will be the same as before. However, you will only be covered for a specified period of time stated in the policy.

<u>BORROW POLICY LOAN VALUES:</u> If your life insurance policy has a cash surrender value, you can usually borrow all or part of it from the insurer. Interest will be charged according to the terms of the policy, and if the loan with unpaid interest ever exceeds the cash surrender value, your policy will be surrendered. If you die, the amount of the loan and any unpaid interest due will be subtracted from the death benefits.

<u>EVIDENCE OF INSURABILITY</u>: This means proof that you are an acceptable risk. You have to meet the insurer's standards regarding age, health, occupation, etc., to be eligible for coverage.

<u>INCONTESTABLE CLAUSE</u>: This says that after one or two years, depending on the policy or insurer, the insurer shall not resist a claim because you made a false or incomplete statement when you applied for the policy. During the first two years, if there are false or incomplete answers on the application and the insurer discovers them, the insurer can deny a claim as if the policy has never existed.

<u>SUICIDE CLAUSE</u>: This says that if you commit suicide after being insured for less than two years, depending on the policy or insurer, your beneficiaries will receive only a refund of the premiums that were paid.
