

SPREAD YOUR WINGS AND FLY IN 1999

1999
Limited Edition Eagle

Eagles command respect like no other creature. Their finesse, strength and dignity represent all that is true and admirable. For the same reasons, United American bestows upon its top 10 President's Club members the title of Eagle. In 1999, as we continue our five-year eagle program, we once again reward these hard-working individuals with a one-of-a-kind limited edition cold cast porcelain statuette handcrafted by one of Italy's most famous sculptors. Its delicate beauty makes it a welcome addition to any collection, and it will always serve as a proud reminder of your accomplishments. Use the next several months to increase your production so you, too, may fly among the eagles.
