Provides Sensible Solutions

Events require hospitalization and even surgery – which can put a heavy dent on your budget. Consider buying a supplemental Hospital and Surgical insurance product that can help cover unplanned health circumstances. Read below to find out the advantages of

Sensible Features

- Structured like the HSXC 7500 with increased benefits
- Offers good basic hospital coverage with a choice of two benefit plans
- A reasonable alternative for those who can't afford major medical or don't qualify due to preexisting conditions
- Utilizes Select Benefit Rider Manual to cover many preexisting medical conditions
- Pays Agents high commissions
- Guaranteed renewable for life unlike many major medical plans that are cancellable by state
- The GSP is in addition to our underage product line and does not replace the HSXC
- State specific rate cards feature more age bands which lessen dramatic age-to-age cost changes
- Provides four daily room benefits to choose from — \$100 to \$400
