

# Continuing A Rock-Solid Partnership

Ask any financial advisor and he will tell you a company's financial strength and stability are the single most important elements when choosing an insurer. The money a policyholder invests in insurance is useless if a provider is unable to pay their claims. Competent and trusted ratings services provide customers and investors up-to-date financial information. Ratings signify financial strength, operating performance and an insurer's ability to pay claims. At United American we realize a company's financial stability is measurable and comparable, this is why we are proud to show our ratings — and for good reason.

## United American Rated **"A+ Superior"** by **A.M. Best Company**

A.M. Best Company has been an independent analyst of the insurance industry since 1899. The A.M. Best rating is a **qualitative review which entails examining the spread of risk, soundness of investments, adequacy and valuation of reserves and the experience of management, as well as competent underwriting.** Best uses a rating scale of A++ (highest) to D (lowest).

At United American, the solid relationship we have with our Independent Agents has resulted in this rating of **A+ Superior** from A.M. Best Company. Without your outstanding selling ability and personal one-on-one service you offer along with our expertise in providing a comprehensive product line, we would not have been selected as one of the nation's Top-Rated insurer's. Best has recognized United American **30 consecutive years** for overall Company stability.
