## You Make A Difference

Yes, the money is great. However, one of the most rewarding aspects of working with United American is that you get to make money *and* help people at the same time. Recently, we sent out a thousand letters to UA policyholders of eight years or more soliciting their comments on our products and services. The response we received was overwhelming! Letter upon letter arrived extolling the value of United American. Read below to see how you and UA make a difference...

What do I say? UA has been just great to me. I've been with you since 1981. In all that time, you've not disappointed me. I've had a lot of claims because I've been very ill, but I'm doing fine now for which I'm thankful. You are too I'm sure!

The reason I selected United American was because I had a good friend who told me UA was a good company. He was so right. Thank you.

We have had United American for almost 20 years. They are a great company. They pay promptly and are accepted everywhere. I would sincerely recommend UA to anyone who needs supplemental insurance.

We think United American is the greatest!! We haven't had one problem with them. I would recommend them to everybody.

P.S. We vacation in Puerto Rico for six months every year.

Don't we look happy?

This is without a doubt the best insurance policy a person can have. We have had numerous claims, and so far we have not had any problems whatsoever.

My father has had this insurance for many years, and also my mom was insured by United American...We thank you for our coverage. It has been great.

We selected United American supplemental insurance for one reason — we knew the agent and trusted his word. Any time I could not understand something, it took just one telephone call, and he was knocking at the door.

I am very much satisfied with UA because you folks are very prompt in sending payments and willing to help if I need any advice. We have told friends about the supplemental plan in hopes that they would check it out.

I have had insurance before, but it was never so good as United American Insurance Company. I plan to keep with the company as long as I live. I don't think there could be better insurance. More people should give it a try!

I was having difficulties with the insurance company I was with. They rarely ever paid. I was a friend to a lady whose son was a doctor. She was always saying how satisfied she was with her insurance company. I decided to try it.

I've been very satisfied with the change. Any time people tell me they are not satisfied with their insurance company, I never fail to say, 'Change to United American. I think you will like them. I sure do.'

I bought United American's Medicare Supplement the day I retired on the recommendation of my 'insurance guy.' He said it was the best supplement out there, and he was right on target!

Unfortunately, my health started to deteriorate not long after my retirement. Never once has there been any problem with UA's coverage. I am truly grateful to my agent for turning me on to UA, and, of course, to UA itself for its complete back-up. I could not ask for better service. It has given me peace of mind through some really catastrophic medical procedures.

I selected United American as my supplemental insurer when I was visited by your agent, who impressed me very much. He has continued to keep in touch, and I have remained with United American for a long time. I am completely satisfied with the service, quality of products, and company stability.

I have never regretted my decision and have turned down many companies who have contacted me. I thank my agent for showing up at my door and sincerely hope he and your company continue on successfully.
