

RT85 Now More People Can

United American introduces our next generation renewable term product — the RT85. We kept the features of our popular RT10 plan and added these new ones:

- Issue ages 18 to 85**
- Up to a \$50,000 face amount**
- New brochure design**

The RT85 is ideal for young people just starting out as well as older prospects who might not need as much insurance.

RT85 Availability

The RT-85 is available in jurisdictions marked "X" at press time
