On all Medicare-covered expenses, a doctor or other health care provider may agree to accept Medicare "assignment." This means the patient will not be required to pay any expense in excess of Medicare's "approved" charge. The patient pays only 20 percent of the "approved" charge not paid by Medicare.

Physicians who do not accept assignment of a Medicare claim are limited as to the amount they can charge for covered services. In 2004, the most a physician can charge for services covered by Medicare is 115 percent of the fee schedule amount for nonparticipating physicians.
