Medicare Balanced Budget Refinement Act of 1999 Passed Thanks To Grass Roots Campaign!

On November 29, 1999, President Clinton signed the Balanced Budget Refinement Act of 1999 (H.R. 3426). Thanks to the passage of this important bill, the copayment amount for an outpatient procedure cannot exceed the amount of the inpatient hospital deductible (Part A).

We'd like to extend a special thanks to participants from UA's Branch Office Division for sending e-mails, faxes and letters to Congress to help stop unacceptable excessive outpatient expenses!

"If it weren't for the outstanding support received from United American's Branch Managers, Unit Managers and Agents, passage of this very important bill would not have been accomplished. Together we really can make a difference and improve things for policyholders."
